Students Responses and Suggestions

Following responses have been received from the students through Questionnaire provided to them.

For the overall development of the institution and betterment of college curriculum the students have suggested that Latest technology, infrastructure and Library should be upgraded. They have also suggested to use projector in classrooms and smart classrooms should also be enhanced. They have also pointed out about regular inspection from the higher authorities to have the check on the quality of the education and students meeting should be arranged after every 3 months to gather the information about the college. Class Seminars should also be conducted in every week and this will help the students and teachers more interactive and corporative. Extracurricular activities should be organized at large scale.

The college campus should be green, new plants and flower beds should be planted. Classroom should be enlarged as the sitting capacity is not sufficient and a large number of students are attending their classes while standing. Toilet facilities are not sufficient. The college ground is

not properly maintained. Sports facilities should be provided to all. Drinking water facility is very poor. There should be water-coolers and water purifiers in the college campus. Infrastructure of college shall be enhanced and fans should be installed to each class. The condition of the college Library is not up to the mark and standard. It should be improved. Class tests should be conducted every week. Wi-Fi should be available for students. Girls room should be enlarged as the sitting capacity is not sufficient. There should be conferences twice in a month for students so that students can explain what they have learnt in a whole month. Extra classes for week students should be conducted. Improvement in the laboratories and infrastructure of the classrooms should be enhanced. Regular availability of power supply should be there in the college campus. There should be protective lab coat and eye glasses in chemistry lab most of the time someone gets injured because the college is lacking it. There should be quiz competitions once or twice a week on the unit which have been completed, for every subject.
